  [Xd] [Figma] [Sketch]

Achievement

From a field of 15 candidates of TYK , I won first place for the finest and most user friendly mobile application interface design for the firm

Work Experiance

Anbessa bus IT Systems

UI/Ux Designer | Graphics Designer | Mobile App Developer

✓ Designed Front end using Adobe XD for Passenger, Driver & Admin side applications both which are mobile and web application.

✓ Developed Font end using Flutter for locating each bus on Google map using Direction API.

✓ As back end used Firebase, made a QR code generator that the Passengers use for travelling with the bus which uses these codes as a Ticket and enable passengers to comment and rate the driver

Flutter| Google Map Direction API | Git | GitHub | Adobe XD

Kemer Habesha

UI/Ux Designer | Graphics Designer | Ux Researcher

✓ Designed Multiple mobile applications & Tab based applications like :

- Inventory Management system
- Mobile application service finder applications
- Designing logo

Sketch | Zeplin | Invision | Figma | Adobe suite

Kibur College

Web Development and UI/UX Mentor

✓ I mentored more than 200 recent graduates from Highschools and 1st year university students in short-term courses and coordinated the first college-wide hackathon.

✓ Designed UI for the College website.

HTML | CSS | JavaScript | Adobe xd | Figma

SSC Communication
